Green Turtle Soap.—The Leaves of Green, the
Sculpture of the Human Body, and the designs of
the various parts of the human body, in relief, are
so ingeniously contrived, that they are
so as not visibly to affect the average thickness of the paper
upon which the rest of the soap is printed.

The SECURITY offered by our DETECTOR lies in the fact
that in the entire circulation of paper money on this continent,
there are no two notes exactly alike—the style of letter used
in the title is different, the vignettes, portraits, or counters vary,
or the denomination, location, etc., are dissimilar. With a
certain degree of care, we believe every person
is safe in receiving paper money, so far as mere genuineness
of its name is concerned.

The plan of this work has received the highest commendations
for its great utility and value to the public, as a protector against
loss by fraudulent paper money, as well as for its desirability as
illustrative of a department of the fine arts in which this country
excell all others.

From a great mass of such notices we mention the following
from persons occupying the most important and influential
relations to the security of paper money, viz:

CHAS. TOPFAN, esq., President American Bank Note Com-
pany.

Hon. JAMES M. COOK, Superintendent Bank Department,
State of New York.

Hon. J. C. SQUIRES, Superintendent Bank Department,
State of Wisconsin.

METROPOLITAN BANK, New-York.

G. D. LYMAN, esq., New-York Clearing House.

Hon. CHARLES WHITE, Superintendent Bank Department,
Massachusetts.

H. B. GROVES, esq., Boston Clearing House.

NEW-ENGLAND ASSOCIATION FOR SUPPRESSION
OF COUNTERFEITS, &c.

It is our aim to render this publication as perfect as pos-
sible, regardless of expense, we have secured the cooperation
of the AMERICAN BANK NOTE COMPANY, which composed
all the Bank Note Engraving firms in the country, has guaranteed
to furnish, in any quantity, sums tandem with their
regular business, to supply every note required for this purpose.

The work will be arranged in alphabetical order (the most sim-
ple arrangement possible for reference), commencing with the
Bank Notes of the City of Boston Banks, and State of Massa-
chusetts; then of the banks of the other New England States;
then of the Middle, Western, Southern States and Canada in
their respective states.

The new notes of new banks, as fast as they appear in circulation,
and also all alterations of notes now in existence, will be issued
in the same style with this work in a weekly or monthly
basis, and in this manner the public will always be kept fully advised
in regard to the entire circulation of the genuine paper cur-
rency of the country.

The ENGRAVED FAC-SIMILE COUNTERFEITS will be
designed in each number; and their distinctive features from
the GENUINE notes will be made as plain as possible.

The work will be issued in weekly numbers, each of which
will contain 144 fac-similes of genuine Notes, and will be com-
prised in about 25 numbers, and about 11,000 fac-similes of gene-
rine Notes, and will be completed within one year from the date
of the first number by a more rapid issue near its completion.

THE IMPRESSIONS OF NOTES IN THIS WORK ARE
NOT PHOTOGRAPHS, BUT PHOTO-LITHOGRAPHS,
PRINTED FROM STONE WITH CARBON INK, AND
WILL NOT FADE.

The first number will be issued on SATURDAY, 24th July, and
regular thereafter, every Saturday, and will be for sale by all
Newspapers and Periodical Agents.

A liberal discount will be made to AGENTS. All orders must
be accompanied with CASH. Address

STEREOSCOPIC.

While Photography portrays the sublime and beautiful in
nature and art, and the STEREOSCOPIC reproduces, in all their
roundness and prominence, the objects and scenes themselves. The
roaring cataract, the peaceful landscape, the fields of battle,
the haunts and the homes of genius are seen as in the living eye. The
hallowed temple, the colossal bourse, the breathing marble, rise
before us in startling reality; and the glorified forms of youth
and beauty, the loved and the lost, return to our embrace, the
household gods of a happier home.—See David Brewster.
